St. Francis Xavier Church, McKean
6:30 p.m.

Presentation by Julia House Representatives
Free Event.

Contact 814-476-7657 with any inquiries.

What is hospice? What is palliative care?

Join us for an informative discussion of palliative medicine and the hospice philosophy and practice of care; also the need for and status of Julia House here in Erie County.

“Death is the final healing,” says Fr. Dennis Martin, chaplain at AHN St. Vincent Hospital. How we discuss, approach, and move toward the end of life – and journey to eternity with God – is important and should move us all to learn about the physical, legal, economic, mental, emotional, spiritual details surrounding medical care and plan for death as we enter and begin that final time here on earth.
